

ACKNOWLEDGEMENT

As many of us are settlers on this land, it is our collective responsibility to pay respect and recognize that this land is traditional territory of the Mississauga of the New Credit First Nation and we are here because this land was occupied.

In recognizing that this space occupies colonized First Nations territories, and out of respect for the rights of indigenous people, it is our collective responsibility to honor, protect and sustain this land.

2016 RU PLANNING EXPO #RUPX

MARCH 11 & 12, 2016
TORONTO, ONTARIO

Welcome, from the Ryerson Association of Planning Students

A message from the RAPS Co-Presidents,
Nikolas Koschany and Jordan McLeod

When we started planning this year's RU Planning Expo back in October, we had no idea how big it would become today. In the absence of a national student planning conference in 2016, we decided it was time to open our annual Expo to other planning schools across the country. We're so glad we did. Today we not only have students from Ryerson University in attendance, but also guests from the University of Manitoba, McGill University, the University of Waterloo, the University of Toronto, and the Université de Montréal. Welcome, and thank you for coming!

We would like to give special thanks to our hardworking RAPS Council for their tremendous work on this event, whether gathering speakers or designing graphics. We also want to acknowledge the Ryerson Planning Graduate Student Association, the Institute for Liberal Studies, and the Ontario Professional Planning Institute who have graciously helped sponsor this event in one way or another.

The theme of this year's expo has unofficially been "renewal." We hope that together we can renew your way of thinking on the planning issues affecting us today, and renew the student focus of these conferences.
